Goodbye Fifth Graders

It is that time of year again, when we must bid our 5th graders goodbye. We have watched many of these children grow from Kindergarteners and it has been a pleasure to provide care for them.

We wish all of our 5th graders much success as they move on to the middle school. We hope they will keep School's Out, Inc. in mind, should they be interested in working with children - possibly as Junior Activity Leaders.

Best Wishes!

Thank you to our Staff

In addition to saying goodbye to our fifth graders, it is that time of year when we must say goodbye to some of our staff. Some will be leaving to pursue their careers, while others will be heading off to college in the fall.

School's Out, Inc. is very appreciative for their dedication and compassion to the children. Please join us in wishing those who will be moving on, much success in their future.

Thank you.

Child Safety

Now that Spring is here, children will be out enjoying their bikes, on the playgrounds and playing sports. It is important that all members of the family be conscious of safety matters.

While taking part in any activity requiring a helmet, make sure that the helmet sit correctly on the person's head - flat and not tilted back, that the straps are secure and that helmet fits well and does not slip. Sports may also call for other safety equipment such as elbow and knee pads.

The US Consumer Products Safety Commission provides safety information and fun activities for your child. Does your child know about safety in the home and outdoors? At www.cpsc.gov/kidsafety your child may access the *Kidd Safety Club* and/or take the *Kidd Safety Quiz*. *Brain Busters* will be a fun way to test their knowledge.

"We are filled with gratitude to have had such an enriching experience with you all. Thank you."
